Reception / Office : 7504095770

VISION:

Gayatri School aims at inculcating creativity, empathy, sensitivity, capability, equanimity, responsibility, humanity, social morality to restructure the students psychological and mental ability. In other words not just textual knowledge, but overall personality development of students is our motto. Gayatri school offers a natural, holistic student-centric learning ambiance that ignites and inspires our students to be creative and innovative not at all robotic.

MISSION:

To create a happy, caring, stimulating and secure environment for everyone in the school. To develop values, self-esteem, love for Indian culture and heritage, respect for others, respect for women in the growing mind of the children. To provide opportunities for parents, guardians and the whole community to be a positive stakeholder in education and overall growth of talents of the students. To facilitate the children to be an active part of challenging learning tasks which develop their critical thinking, decision making, self-learning skills and above all adaptability to any kind of favourable or adverse situation.

MANAGEMENT'S VOICE:

“Education is the development of all those capacities in the individual which enable him to control his environment.”

John Dewey

Man without education is no man. But in the materialistic society, real education has become a dream for students and parents. Degradation of education system is the chief reason for lack of real education. Our dream plan Gayatri Residential English Medium School will be an infallible weapon against the barrenness of real education .

We assure our commitment towards holistic development of all our children and to lift them to greater heights in the field of education.

We are really thankful to God for showering His blessings on us. This is our first session and we solicit a heartfelt spirit of cooperation from our parents.

Thanking All.

Management

PRINCIPAL'S VOICE:

“The aim of education should be to teach the child to think, not what to think”

Education can never be confined to text book, mark , degree and job. If we learn the art of living life, then education finds it's real definition. Gayatri School is a place where dream finds wings to fly above the sky stepping towards success. The teachers are highly motivated and greatly committed to shape the future of the students.

Parents co-operation in overall development of the student is, we think, more than anything we want.

If our commitment , parents' Co-oration and students perseverance go parallel , then we will write yet another history.

Principal

PREFACE: ABOUT SCHOOL:

As a concept of 21st century education, Gayatri Residential English Medium School; affiliated to CBSE, New Delhi has taken the shape of reality to quench the educational thirst of Kesaibahal locality and rightly when the people were in search of a school, specially a real school that would be imparting education of higher quality, with modernity with the same time maintaining equilibrium with Indian cultural heritage. The school has been established in 2010 with this global vision fulfilling actual educational needs of children and parents.

Location:Positive ambience for education.

Gayatri Residential English Medium School is located at Kesaibahal, Dist. Sambalpur. The place has been a center for education having many educational institution so also it is the commercial pivot of the locality. Kesaibahal is having convenient Communication 20 kms away from Kuchinda & 30 kms away from Bamara nearest railway station.

INFRASTRUCTURAL FACILITIES:

A picturesque campus being far from madding crowd thereby providing with a peaceful environment for learning. Adequate infrastructure including quality building tolive in; well furnished class rooms; excellent labs; well equipped library, luxurious school bus for day scholars; balanced delicious food only veg; great stress on sports,games, music, dance, arts & crafts; above all a team of well experienced teachers to carry out high quality learning process.

01. **Academic Block for Nursery**

Separate academic block with three class rooms is available for small children. Small and beautiful furniture, colourful decoration of the rooms with play material creates a friendly and fearless environment for the very small children, Separate toilet and bathroom with hygiene and sanitation are attached.

02. **Academic Block for Primary and Secondary students**

Spacious classrooms easily accommodating 45 numbers of students with well equipped furniture make a comfortable platform for teaching –learning of the students. One hall is available for different type of activities like special class, celebration, observation, seminar, debates and other activities. Each room is equipped with appropriate TLM and a proper ventilation and adequate light.

03. **Library with Reading Room**

Books are minds of Knowledge. Gayatri School has a well enriched library with all prescribed text books, children literature, novels, magazines and news papers. A reading room attached to the library engages students with books of all kinds most of the time.

04. **Laboratories**

The academic learning of the school is enriched by laboratory experience. To engage students to a variety of practical orientation, self-learning, student friendly modes, there are composite labs for secondary students, separate labs for physics, chemistry, biology and mathematics for higher class students. Each of the labs is well equipped with required equipments and materials and is spacious with proper ventilation and sunlight.

05. **Computer Lab**

Digital learning is now-a-days not optional but an important compulsory education for a bright future. So the school provides with a sophisticated computer lab with 40 computers with internet facilities to empower the students with knowledge of computer.

06. Smart Class

The school has 4 smart classrooms so that the students can observe and learn practically what is taught in a traditional classroom. Smart teaching attracts the attention of the students and creates interest to learn more and more.

07. Garden for Gardening Skill

The campus of school is filled with lawn and trees all around. The garden of the school provides a space for the students to learn plantation and horticultural skill. It instills a sense of duty, responsibility and belongingness to our environment.

08. Transportation facilities

Transportation system is an important aspect for the parents and students for easy approach to school. The school has 3 buses having all the safety and security provisions as required by CBSE and RTO norms.

09. Drinking Water

Safe drinking water is the basic need of all the students. The school has installed water purifier with RO having water cooler so that the students can easily quench their thirst.

10. Toilets and Bathrooms

The school has sufficient number of toilets and bathrooms for girls, boys teachers separately having proper running water availability. The toilets and bathrooms are maintained keeping in view of the cleanliness, health, hygiene & sanitation.

11. Games, Sports and Yoga

Health is wealth. To be physically fit always GREMS provides a lot of stress on games, sports and yoga. Daily morning and evening yoga practice helps improve their concentration.

GREMS provides a real platform for the young sport talent to finetune their skill and professional coaches are always there to assist them.

12. Swimming Pool

Swimming is one of the most athletic skill which is essential life saving skill also at the time of need. Gayatri School has a beautiful swimming pool with full safety provisions for the students to learn swimming skill.

Teachers and Teaching

Well experienced teachers, instructors, coaches having higher qualification are the real assets of GREMS. They give their hundred percent brain and energy for maximum output of the students. Each and every student is guided individually. Interactive teaching, participation of students with teachers is the teaching style we follow. Assembly or prayer class with chanting, singing, news reading provides them with energy, enthusiasm and

interest for whole day learning. Regular seminar, group discussion, personality development, debate and other competition strengthen students' mental ability.
